7 *p*

I al-ways thought it was the moon that moved wi- thin, a ti- dal force_____

12 *f*

tug- ging a gainst the pulse and flow of lymph, of blood:

16 *mp*

cy- cles of up- well- ing full - ness, eb- bing to de cline. But now

20 *f*

what moves wi-thin is not a ti-dal force So-lar flows surge through and flare, ran-dom

24 *mp*

vio-lent. cy-cles of up-well-ing full-ness, eb-bing to de-cline.

28 *f*

Now the sun has claimed me, holds me in thrall.

33

So-lar flows surge through, flare ran-dom and vio-lent.

37

cas - cades of plas - mic heat. Mys - tery of cos - mic flux.

40

The sun has claimed me, holds me in thrall.

45 *mf*

bound me with fire un - til the dark - ness turns.

49 *f* *mf*

Cas - cades of plas - mic heat, mys - tery of cos - mic flux,

52

tug a-against the pulse and flow of lymph, of blood. I am bound with fire un -
